So… it's been a crazy day or two. Lost a few fake friends, confirmed a few real friends.

First things first, I want to set expectations here.
I am not trying to cancel anyone, ruin anyone's relationships with any other person, or hurt anyone's reputation. It's possible some of these things will happen but I do not believe they will.
I do not like hate mobs or cancel culture and all I want to do here is disprove the attacks on my character. I've included a little commentary to point out specific points as we go through the screenshots chronologically, but please don't write me off because I'm being critical at the start while I am explaining our personal history. At the end I will address recent events in serious detail and address the different claims made directly. At the end I'll give my perspective on the whole thing and explain why I think it happened.

Importantly, I can't prove a negative. How do I take a picture to prove something I didn't do? There's no way to prove I didn't do something and It's an unfair standard of evidence to expect. What I'll show here instead is that the claims about my character don't mesh with the progression of events that actually happened, and I'll point out holes in the claims made against me and the lack of evidence as we go

It's worth noting that I've also tried my best not to mention any other vtubers out of respect and not wanting to get them involved in this. If I've slipped up somewhere and something points to another vtuber or a name shows up, it's an oversight and I apologize. There's a lot of stuff here and I wanted to leave as little out as possible. Slander *requires* minimal context but the truth works just fine with as much context as you can give it.

First things first: Why am I releasing these logs? Isn't it wrong to share private conversations?
Normally I would agree with you, but there are larger issues at play here.
First, she decided to share things first. I'm following her example.
Second, she is being extremely selective with what she shares. I have no reason to be so selective. I am the same cringe nerd everywhere and more context only shows how strange the untrue claims are.

Third, she has explicitly stated in the past that she has no issue with things she says in private being shared in public. Source:

Oh but hey

did you miss the thing I explained before?

although it sucks that I have to take time off for heavy medication and stuff, the fact that I've had a weird cough and shortness of breath since debut should be fixed by all this stuff so

I can stop being so scuff soon and really be myself, with full energy and everything

if I can work out my constant audio problems too I'll probably do at least a short karaoke since I'll be able to have actual lung capacity again

That's such an exciting prospect for me

DumplingShirara 07/03/2021

Yes we are still on

I only ask that we let some time pass so the rratmances calm down

The Stay-at-Home Ghost 07/03/2021

Awh. I wasn't going to ask about that because I thought it was a bit soon after we just made up.

Like, I thought it would be awkward...

but I appreciate it.

DumplingShirara 07/03/2021

I'll help you with your audio if you need it Spooki! Just ask when you are healthy again ❤️

The Stay-at-Home Ghost 07/03/2021

Okay~

I have like 6 days of medication left so it'll probably be at least 3 before I'm back to streaming and probably 9 before I'm fully myself again haha

I have some tutorials and stuff I want to go through to try and work it out myself first, too. I'll ask for your help properly if I can't do it on my own.

After all, the right thing to do is to try and learn it properly myself first, and ask for help if I get stuck!

DumplingShirara 07/03/2021

The Stay-at-Home Ghost 07/03/2021

Oh um, also

for the record

I'll keep our conversations private but

I'm not really bothered about the things I say in private because I'm pretty open for the most part so

if you want to share something I've said in private it's probably fine. If it's maybe borderline feel free to ask, I'll probably say yes

DumplingShirara 07/03/2021

Again anything I say in DMs is free game as well. I don't say anything I don't want everyone to know. But I don't like leaking DM/ on principle

Thanks Spooki

(This image will be included again later as we go through our interactions in chronological order, so don't worry about the first half too much just yet. We'll get there.)

First things first, the flirting.
This narrative that I was somehow an aggressive harasser or sex pest isn't accurate. Early on (*before* I knew she had a boyfriend) the flirting was mutual. Here we were talking about our tastes in dojins for a bit and we bonded over several mutual tags. I offered a chance to flirt and she actively took it.

This was just the start. The next bit is a little cringe but hey, we're already here so let's go for it. So after that last part we talked a bit about my lore (some of which was leaked on 4chan by her because I never told anyone else, by the way) and then we got here:

DumplingShirara 05/28/2021

The Stay-at-Home Ghost 05/28/2021
Haha, well it'll be subtle
I'm excited for the future!
Thanks for listening to me ramble lmao
I have so many schemes and lore plans and ideas about how to expand it to other vtubers but... I can't ramble all day.
I'll spare you~

DumplingShirara 05/28/2021
Ok Spooki. I am super excited and more than happy and honored to hear you talk about your passions!!!
Though I do got to go to bed now ❤️

Also it is weirdly gratifying to know someone else shares my taste in lewds, haha... is it weird that I find that wholesome?

DumplingShirara 05/28/2021
IT IS WHOLESOME

This is not me being pushy or aggressive. This was mutual flirting that got gradually more explicit over the course of each conversation. This is not our first conversation, but it is one of the few from that time period on Discord (and by extension, that I have logs for.)

There was a lot of this from the early period where we first met. You have every right to think it was weird or cringe (looking back on it I am definitely cringing) but it was entirely mutual and playful. It was established early on that there was no interest in a relationship and I was always fine with that because I was never looking for one.
At the time I did not know she was in a relationship already.

Now, for the next part.
After a while, I started to have my suspicions. Small wordings, tiny hang-ups, nothing serious.
I asked her if she had a boyfriend via Twitter DMs because we got along well and I didn't want to overstep any boundaries or be party to any sort of cheating by a person in a relationship. At the time I didn't know it was meant to be some kind of big secret. Opinions may differ on if a vtuber's relationship status should matter. My opinion is that it isn't the business of the public, but it definitely matters if you're being flirty with someone in private. From my perspective, it's a basic respect thing--if you're going to flirt with a girl, you make sure she is single *even if* you aren't planning on anything coming of it. Here's a real hot take: Cheating on people is *wrong*.

If I remember correctly, I was given a suspicious non-answer and insisted just one time before she told me the truth. The idea that I somehow coerced her into telling me this information is ridiculous. Coerced her how? With what threat? I had no position of authority to threaten her with and this is **before** I knew her relationship status, since that's what I was allegedly trying to get out of her.
Also, where is the evidence? Isn't it weird and convenient that the claim is "just trust me bro"?
The fact is I don't know any of her personal information even now. There was no coercion and that is just an attempt to twist the fact that she was doing this sort of flirting with other people while in a relationship into somehow not being her fault.

I'm not a mind reader and I don't know exactly what she was feeling at the time, but she didn't say anything that indicated to me that she felt cornered or pressured. *Much later* when she told me she felt uncomfortable at the time I apologized *for making her feel that way* because I was not trying to be hurtful, and I was instead trying to respect boundaries. That said, I did not and will not apologize for asking if she had a boyfriend. I do not regret my question and I do not accept that it is wrong to check that information if you're going to flirt with someone. You might disagree, but in my opinion a part of respecting boundaries means knowing the relationship status of the other person before you get too far into flirting with them.

As a general note, I'm getting mixed feedback on how twitter DMs work with blocks between googling it and what people are saying. All I know right now is that I don't have the DMs in my list anymore and I haven't been able to figure out any way back to them.
I've told you what happened from my memory. She'll probably disagree because it suits her agenda, but if she wants to post the Twitter logs *without* the very selective clipping (more on that later) she can feel free, though I suspect she probably didn't keep them either and even if she did, the "just trust me" standard of evidence is the strongest her position can get when she is pushing an almost entirely fictional narrative.

Now, next part; After I found out she has a boyfriend I pulled back and laid off the heavy active flirting. The crush I admitted to before stopped here. I felt weird about the fact that she was flirting with me while she had a boyfriend, after specifically claiming she was single.
It didn't feel right to me morally, so I stopped with all the overt/heavy flirting (another thing she is entirely lying about) and I kept things more casual on the level of a friend.
Here's a random snippet from the end of a conversation where we spoke briefly when she was apparently feeling socially drained, shortly after I found out.

The Stay-at-Home Ghost 06/28/2021
Anyway! I don't blame you for being busy. I know how life is, and you're a motivated person. I respect you so much for that, honest.
Consider me your regularly-scheduled reminder to take breaks and relax.

DumplingShirara 06/28/2021
Thanks Spooki! Although a part of being introverted is that all interactions are draining on my social battery 🪫

The Stay-at-Home Ghost 06/28/2021
I mean

DumplingShirara 06/28/2021
So sometimes I just

The Stay-at-Home Ghost 06/28/2021
I'm pretty introverted too, but I have a secret trick that helps

DumplingShirara 06/28/2021
Disappear for a bit to rest

The Stay-at-Home Ghost 06/28/2021
I am introvert-friendly, you want to know the secret? 😋
I have 0% dishonesty in me, so I am extremely easy to understand. You can ask me anything and I'll tell the truth.
No guesswork and no vague social maneuvering nonsense with Spooki.
I think it makes it easier, at least.
I mean that, by the way. Feel free to just ask me what I'm thinking or feeling any time and I'll tell ya.
Anyway, that aside, the thing I wanted to tell you about!
I have begun working on a *~clever scheme~*

DumplingShirara 06/28/2021
Thanks Spooki I appreciate it ☺️ I'm also very upfront about things
A sceme you say?

The Stay-at-Home Ghost 06/28/2021
Ah, well... introversion isn't a bad thing, right? I think that people who can be very open and trustworthy are much less draining, at least for me.
That's how I can handle talking often with the people I'm close with
and, if you'll excuse the slightly socially awkward bluntness of saying it this way, I want to be very close friends with you and a part of your everyday life so~
my goal is to be the kind of person who isn't a hassle for you to deal with, so you'll want to talk to me more. 😏👍
Anyway
Yes, my scheme!
I've been thinking about the problems with corporate-related vtubers. My background is in corporate work, and not the tech side, so the sort of corporate managerial politics are my native tongue... and I've been thinking about the problems related to it a lot.

DumplingShirara 06/28/2021
🏞️ I can't guarantee anything because I'm just this sort of person but thank you Spooki. You are closer to me most vtubers if it's any reassurance. ❤️ I'm just in a wierd spot mentally

The Stay-at-Home Ghost 06/28/2021
Well, these things take time. I won't be pushy, just try to give me a chance and I'll be happy

and for what it's worth, if you're ever interested or excited in *literally anything* come share it with me because I want to be excited with you about the things you're excited about
even if it's silly/small stuff, I don't mind~

DumplingShirara 06/28/2021
❤️

This was the tenor of our conversations going forward, more or less. We remained pretty affectionate but we weren't doing any sort of flirting at this point. We were just friends.

An aside note:
You'll notice a little talk about a project I was working on in this screenshot. The details don't really matter to this story and the project didn't work out anyway, but just to make sure there's no chance of people twisting it against me:
It was meant to be a service provider that helped indie vtubers get cheaper and easier access to things like editors, audio mixers, etc so that they didn't have to feel disadvantaged compared to corporate vtubers and could get similar content production benefits without giving up any IP rights or signing any contracts. The reason I dropped the idea was that the funding model wouldn't work when I ran the numbers because I wanted it to be a non-profit of some kind. It was dead in the planning stage. This will come up again later as well.

Back to the important stuff;
Shortly after this, the rumors were starting to get to me so I decided to do an AMA on 4chan to clear the air and answer any criticisms. It did not go well and any word I said was immediately twisted by someone into something I didn't mean. This is when Shirara suddenly turned and things began a downward slide. I should have taken this as a red flag and stopped interacting with her here--I knew she could be calculated, but she was ready to throw me under the bus because I tried to bury some rumors.

DumplingShirara 06/30/2021
Ay Spooki. ; ; gotta be honest I'm very uncomfortable with how you are posting about other chuubas the way you are posting right now. 💦

I'm not sure if I'm comfortable with having a collab anytime soon. I wanted to be honest with you. I just don't think I can fully trust you right now. 👲 We are chill but I think I would like some distance at least until this settles down.

The Stay-at-Home Ghost 06/30/2021
Man, I don't know what to do anymore
If I don't say anything, some people say they can't be seen talking to me because of rumors
if I respond to criticisms, other people don't want to talk to me because I'm trying to defend myself.
I appreciate the honesty, but it hurts really badly to hear that.
Mind if I ask what's so untrustworthy, though?
I don't think I've been anything except honest with anyone, at all times.

DumplingShirara 06/30/2021
I'm not one to educate you on that honestly. The way you have been talking on there seriously ha some concerned and rubs me the wrong way. Especially concerning picky and how you talk to the anons like they are to be manipulated.
Remember these are my friends as well

The Stay-at-Home Ghost 06/30/2021
???
That doesn't track with what I said at all. If that's what people are hearing, it's a misunderstanding.
All I said is that I had a negative first impression of someone and I'd like to talk it out.

DumplingShirara 06/30/2021
I'm going to leave it at that but I seriously don't want to argue about it.

The Stay-at-Home Ghost 06/30/2021
I'm not trying to argue.
I'm just saying that I didn't mean to cause any trouble.
I was trying to clear the air a little, that's all.

DumplingShirara 06/30/2021
You are causing more as you are doing so. Please at least lurk and understand the culture and communication more. This was honestly extremely uncomfortable for me to see

The Stay-at-Home Ghost 06/30/2021
Yeah, well, in my defense I never picked the threads, they picked me.

DumplingShirara 06/30/2021
I didn't pick them either

The Stay-at-Home Ghost 06/30/2021
I didn't even know about them until they came after me and intentionally pushed people away from me.

DumplingShirara 06/30/2021
I had to win them over and treat them like humans. It's been a fun time

The Stay-at-Home Ghost 06/30/2021
I can't ignore them, or they attack people I care about and isolate me.
I can't talk to them, because then you think I'm doing something wrong.

DumplingShirara 06/30/2021
But I never was dishonest with them and tried to pretend to be my own shill. I'm just uncomfortable is all

The Stay-at-Home Ghost 06/30/2021
Seriously, just tell me what you want me to do.
I don't understand anything anymore, clearly, since someone is always telling me I'm evil.
and for the record?
That's not even true.
I've never shilled for myself. That's just not the case.

DumplingShirara 06/30/2021
You've already done what you've done. You find a way to fix this for you. It's not my responsibility beyond telling you I'm uncomfortable

This was after 4chan had already sent threatening and aggressive messages to me and caused multiple vtubers to distance themselves from me out of fear of being harassed. More on this later as well, cancel culture and targeted harassment is a big thing on 4chan.

After that we had our first fight which started a bunch of baseless rumors where people on 4chan were claiming I asked her to date me. Once again, this was *after* I found out she had a boyfriend and after I had entirely stopped flirting with her because of it.

We didn't talk for about half a week. After the rumors started on 4chan, she made a Twitter post that was *perfectly designed* to feed into the rumor mill. It is my opinion that she did this to get people talking about her. Stirring up drama to use as marketing is something she's consistently good at. This thing where she works overtime to appeal to 4chan will be a theme going forward as well.

You can feel free to criticize me for my tone here if you want to. I was anxious and getting a few threatening messages because of this. 4chan had decided on their narrative and was

sticking with it then, just like they are sticking with their narrative now.

People are saying this was about me now.

If you don't clear this up I am going to have to clear it up on my end.

I want to respect your privacy but I can't prove that I'm not some creep if you don't meet me halfway, here.

I don't even understand why you're mad at me or what I did

Can you please just talk to me?

Rumors are starting to spread here and it's... not ideal

If you don't get back to me soon I'm going to post the defense of my character in public. I can't just let my reputation be burned down by wild speculation because you can't just talk to me like an adult--which, I will again repeat, is something we *explicitly agreed to do* if there was ever some kind of drama, months ago.

Listen... I'm trying to be open-minded and I want to hear your criticisms and answer them properly but you have to talk to me.

I don't understand what I even did, or if I even did what you're bothered by because there's so much wild speculation and bullshit rumor going around.

I feel like you're throwing me under the bus here and I don't even understand why you're angry with me.

Get back to me soon.

The Stay-at-Home Ghost 07/03/2021
Shishi, if you don't want to talk now can you at least give me a rough idea of when you'll be ready to talk? I feel like I'm in the dark and I don't understand anything here.

DumplingShirara 07/03/2021
Cleared it up. Spooki. To be very honest, Idk how to respectfully solve this issue other than telling you honestly about how uncomfortable and irritating some of our conversations have been. You just seem to lack social contexts and come off as pushy and somewhat rude if I'm being real honest. You cannot accept that people sometimes just will not get along with you and then stir up trouble because of it. I'll give you some examples of times when I've felt this way.

That leads us to the context of something she selectively and deceptively cut out to share on 4chan at the start of this. We'll get back to this part again later as well.

DumplingShirara 07/03/2021

You cannot accept that people sometimes just will not get along with you and then stir up trouble because of it. I'll give you some examples of times when I've felt this way.

In a recent conversation about your VTuber co-op, you came in here unprompted to tell me that me joining a company might not be a good take. I've already made up my mind and I told you how I'm involved with something pretty much the same. While you reassured me that you were not trying to recruit me, you also said that you hope that maybe one day it would be inticing to me.

The Stay-at-Home Ghost 07/03/2021

That wasn't intended to be some kind of social pressure.

I wasn't being very serious when I said that, and I was just trying to make a reference to the fact that I wanted it to be valuable.

Also it's not really a company you... join, since the whole idea is that the company is just a service provider that takes no rights of any kind?

Listen, I'm not trying to say I'm not socially awkward sometimes but I'm really not trying to be a jerk

DumplingShirara 07/03/2021

Another thing that bothered me way more than this is when you tell me that if I do not tell you what's on my mind and let you help, you will get mad. I understand you want to get closer Spooki, but as I've very honestly said before, this cannot be pushed. And this can be a little strained by certain social factors such as the possibility of motives involved which brings me to another thing.

The Stay-at-Home Ghost 07/03/2021

I'm not trying to be mad and I'm not trying to be pushy exactly either, I'm just genuinely confused and trying to understand.

I feel like we were getting along pretty well and then suddenly we weren't.

This felt like a sudden shift to me

DumplingShirara 07/03/2021

I told you off the bat that I was ok with flirting as long as it wasn't serious. I said that several times actually, but you seemed to ignore the fact that I already set that boundary and you asked me if I had a boyfriend. I felt cornered because I felt that if I kept that private, you would have kept pushing that "crush" on me. I was extremely uncomfortable and every day I fear that you will leak that information

The Stay-at-Home Ghost 07/03/2021

I'm sorry. I didn't mean to make you feel cornered.

I was just trying to figure out where the line was because I was trying to be respectful.

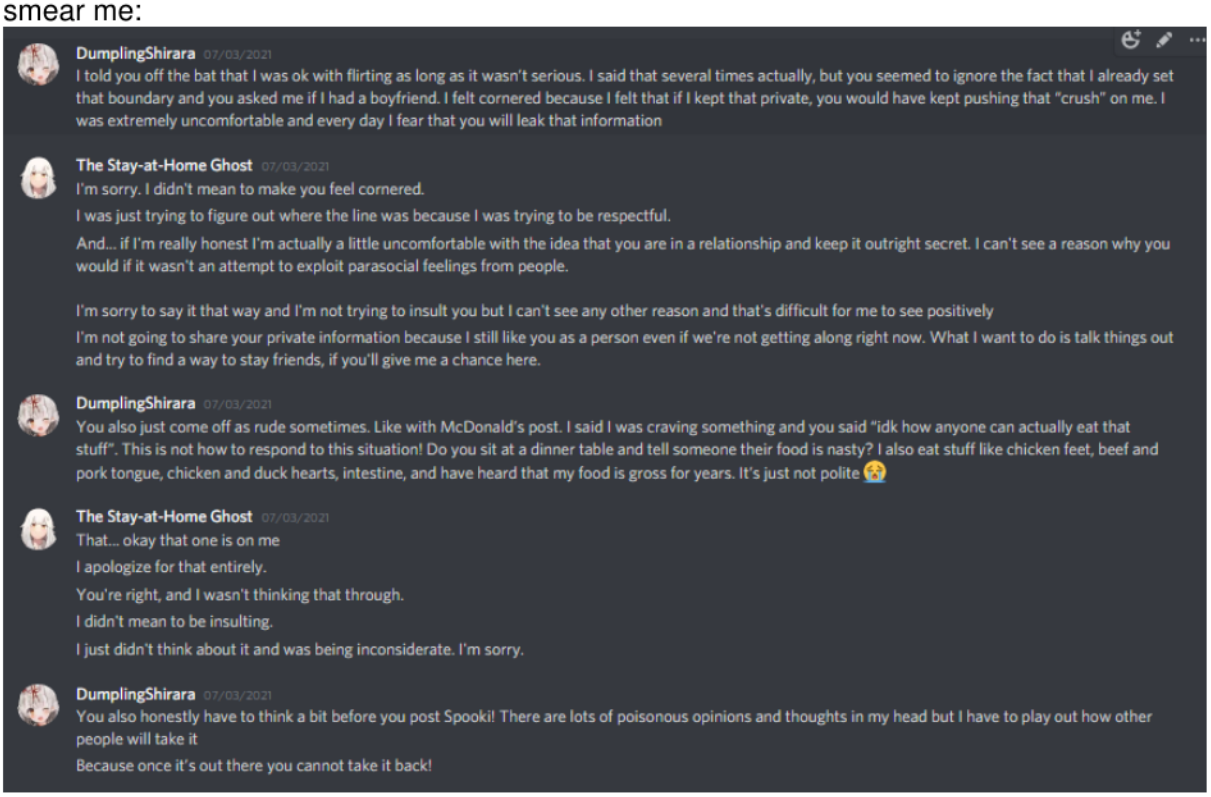
And... if I'm really honest I'm actually a little uncomfortable with the idea that you are in a relationship and keep it outright secret. I can't see a reason why you would if it wasn't an attempt to exploit parasocial feelings from people.

I'm sorry to say it that way and I'm not trying to insult you but I can't see any other reason and that's difficult for me to see positively

I'm not going to share your private information because I still like you as a person even if we're not getting along right now. What I want to do is talk things out and try to find a way to stay friends, if you'll give me a chance here.

You will also note she said “cleared it up” here. That is, she made the truth clear by posting saying that the tweet was not about me.
She was not lying on my behalf at the time as she later claimed. If she was lying on my behalf, this would be “covering for you” or something to that effect. She is open here about the truth of the matter and the fact that she was clearing up a misconception.
This is also a good point to note her confirming *explicitly* that she has had a boyfriend all along, because she tries to cast doubt on this later.

For those who missed it, this is what she posted on 4chan at the start of all this to try and smear me:



DumplingShirara 07/03/2021

You also just come off as rude sometimes. Like with McDonald's post. I said I was craving something and you said "idk how anyone can actually eat that stuff". This is not how to respond to this situation! Do you sit at a dinner table and tell someone their food is nasty? I also eat stuff like chicken feet, beef and pork tongue, chicken and duck hearts, intestine, and have heard that my food is gross for years. It's just not polite
The Stay-at-Home Ghost 07/03/2021
That... okay that one is on me
I apologize for that entirely.
You're right, and I wasn't thinking that through.
I didn't mean to be insulting.
I just didn't think about it and was being inconsiderate. I'm sorry.
DumplingShirara 07/03/2021
You also honestly have to think a bit before you post Spooki! There are lots of poisonous opinions and thoughts in my head but I have to play out how other people will take it
Because once it's out there you cannot take it back!

She cut this out of context intentionally. The context of the statement wasn’t a threat at all. She cut the log to make it sound like one, but it was said as a reassurance that I wasn’t going to put her secret boyfriend out in public even though I thought at the time it was morally wrong, because I knew she was concerned about it.
I had already said I was worried about the rumors and needed to clear my name, and she took that as a threat to reveal it which was not what I was trying to say. My wording here probably wasn’t great but what I was trying to say was that I wouldn’t betray her trust even if we were fighting. I kept this secret for months until she accidentally let it slip, and even after that I didn’t comment on it. It was not my business to judge and I wasn’t involved in that part of her life *because I was not trying to date her.*

Shirara put the focus on the frivolous grievances and left out the part where she was supporting the rumor mill at my expense and refusing to talk to me because she was mad I tried to speak to 4chan, to get them to stop harassing me. She shifted the focus to push a narrative about me being a bad guy (already a hard sell because I apologize for being inconsiderate right there) but she also totally left out that the whole reason for the conversation, where her callous drama-baiting was giving me hell.
Also note that nowhere in here (in any of these logs) did I ever say any of the past flirting was an attempt to start anything serious. I never asked her to date me *because I knew she was taken well before this point.* The fact that she’s claiming this shows her confronting me about it isn’t even close to accurate. Saying “I was afraid you would do [bad thing]” does not

make another person guilty of doing that thing *if they don't actually do it.* This is emotionally manipulative and she is trying to pull a fast one.

Now, back to our story; After that we made up on the same day.
I also explained to her at the time my history with the /vt/ board on 4chan and the /asp/ thread discord (which has been a consistent source of harassment for me as well.) As far as I remember, I had not visited /wvt/ (on either board) before I started getting messages and screenshots from there.

DumplingShirara 07/03/2021
I get it Spooki! But you are radioactive if you cannot move and socialize with some tact. It's ok to be opinionated but omission and language is important.

Trust me I get the anxiety

Because as we established early on, I too had this issue

The Stay-at-Home Ghost 07/03/2021
When I first started as a vtuber, I was becoming friendly with another ghost vtuber

DumplingShirara 07/03/2021
4chan was the place that taught me how to keep it together. The anons are great don't let one schizo ruin you! I also have a dedicated anti! It's really fun to not respond and watch them seethe

The Stay-at-Home Ghost 07/03/2021
My total interaction with 4chan was that I visited an art thread once (because someone told me "haha I asked for porn of you" to tease me) and then I saw the /asp/ thread. I clicked a Discord link and hung out with them for a bit while really never going back to 4chan after that

That turned out to be a clique so I tried to quietly leave

and then like 2 or 3 weeks later suddenly vtubers I was friendly with, who had nothing to do with 4chan, started refusing to talk to me at the same time I started getting hate messages from burner accounts

I had literally *never* gone on /wvt/ and they came for me

DumplingShirara 07/03/2021
Spooki. I know you are just socially clunky and I forgive you. I just didn't know how to properly explain it when it bothered me so much

The Stay-at-Home Ghost 07/03/2021
Shishi, I'm a little awkward but I'm not stupid

if I'm bothering you with something you can just tell me and I'll try to fix it and change my behavior

You won't offend me or anything and it doesn't have to be a big deal.

DumplingShirara 07/03/2021
Yep I got the whole 9 yards Spooki, I too ended up there in the worst of ways

The Stay-at-Home Ghost 07/03/2021
I want to respect you and get along with you, but I have to understand what you're thinking.

DumplingShirara 07/03/2021
Yes but you also have to give me a good amount of space to calm the fuck down

The Stay-at-Home Ghost 07/03/2021
Sorry. I'm not trying to pressure you.

I mean

I guess I'm just a little hurt because from my perspective this felt sudden and a lot like you wouldn't hear me out even a little

I would have been a lot less bothered if you'd have just said "I'll talk to you in a few days" so I would at least know you weren't going to drop me forever because

that's literally what happened last time!

I'm still not friends with people because of 4chan last time!

of course I would be anxious...

I thought I lost you as a friend forever and I wasn't fully sure why

You'll also note that here (among many other times) I openly told her that I was anxious, didn't mean to put pressure on her at all, and that she can always feel free to tell me if something is wrong to check my behavior. This is a standard I keep with all of my personal relationships and I always try to be open to criticism that comes from a good place, from someone I can trust.

Immediately after this, we had a talk about which vtuber I had an actual crush on at the time (I'll leave it out here to not involve that person even though Shirara's already leaked it to 4chan in an attempt to hurt me pre-emptively. More on that later too.) and we had this exchange:

DumplingShirara 07/03/2021
I understand spooki but know that I'm very different from you as well in many ways. I'm a pretty private chuuba.

ASFAHSHAGA good job for telling her tho Spooki!

The Stay-at-Home Ghost 07/03/2021
Well
What I said (and my honest thoughts at the time) was that I just want to be close friends for now anyway so it was embarrassing but not catastrophic since the socially correct answer and the true answer were the same
so I didn't have to tie myself into knots to explain
but still it was *soooo* fucking lame
I mean she definitely already knew I'm not exactly hiding it but to have to state it was so bad oh god
I'm still cringing at myself
...

DumplingShirara 07/03/2021
There really isn't a way to be cool in these situations LOL

The Stay-at-Home Ghost 07/03/2021
Yeahhhhh okay I'm just going to drop it
So for whatever it's worth, feel free to hold that over me.

I'm lame and the flirting is entirely recreational. I'm a mess when I actually like someone.

DumplingShirara 07/03/2021
just know that we girls always want to be nice! But we don't be some chuubas to date so it's just awkward a lot of the time
As long as you are not pushy it's all good

The Stay-at-Home Ghost 07/03/2021
Well, shockingly I didn't become a chuuba to date either
so imagine my surprise when I developed a huge crush on someone

DumplingShirara 07/03/2021

The Stay-at-Home Ghost 07/03/2021
Oh well (edited)
all I can do is be a mature adult about it and have some patience. Maybe it'll go somewhere, maybe it won't.
I can hope, but it's way too soon to tell.

I've told her many times that any flirting (which once again was *entirely in the past at this point with regards to her*) was just playing around and wasn't meant to signal a desire for anything serious.

The person I had a crush on at the time was entirely separate from this, and I never asked Shirara (or any other vtuber, including the unnamed one discussed here) to have any kind of formal relationship of any kind. Once again, it was just a stupid crush and not anything serious. She seemed to understand it at the time that my interest was firmly elsewhere.

After that we had a bit of a talk about a previous stupid drama (which I would rather not dredge up again, once again to avoid dragging anyone else into this) and then we discussed the concept of anonymous hate posts/messages and the need for people to vent sometimes:

DumplingShirara 07/03/2021
Sometimes they will. Why do you think I have haters? You don't have to like it.
Just because you prefer it doesn't mean they want that as well

The Stay-at-Home Ghost 07/03/2021
I know
but I don't have to like it!
so allow me this little bit of complaining

DumplingShirara 07/03/2021
Yep! Tough love Spooki but deal with it 🐸 but yes if you would like to rant. I would be glad to listen

The Stay-at-Home Ghost 07/03/2021
I'll deal with it but complaining lets me be less bothered.
Recreational complaining is the secret to a long life!
You ever see really old people? They're always complaining
That's what makes them strong

DumplingShirara 07/03/2021
As long as you complain with me and let me know you need someone to listen, I'm here

The Stay-at-Home Ghost 07/03/2021
Okay, okay
I'll let it go for now.

DumplingShirara 07/03/2021
Better with me than on the Twitter feed 🐸

The Stay-at-Home Ghost 07/03/2021
Listen, I'm sorry we had this friction and I'll try to be more considerate in the future

DumplingShirara 07/03/2021
I know Spooki. It's ok. Again. I believe in second chances. And growth. You are making an effort

The Stay-at-Home Ghost 07/03/2021
just... for my sake, if I'm messing up or bothering you please tell me right away, okay? I'm not going to be unduly offended or anything, just... let me explain my reasoning and hear yours if there's friction, rather than letting it build up and become stressful.
and I'll do the same in return, okay?
Open communication!

DumplingShirara 07/03/2021
Yes Spooki. For sure.

The Stay-at-Home Ghost 07/03/2021
Okay...
I'm sorry if I stressed you out. Genuinely.
I know things have been rough for you recently and it was never my intention.
Seriously, I'm sorry.

DumplingShirara 07/03/2021
Dude this is so cute

The Stay-at-Home Ghost 07/03/2021
I KNOWW
I seriously want to buy a second one on impulse
I was soooo tempted to just start @ing people and saying "YO WOULD YOU LIKE ONE OF THESE I WILL SEND YOU ONE"

DumplingShirara 07/03/2021
He's a whole fucking foot taller than me I NEED IT

I left a bit on the end as well to show that in context this was not some dramatic drag-out fight. We had just made up after a spat and agreed (for I think the third time or so?) to have open communication if either of us was bothered about the other in some way. This is one of several promises she broke by trying to cancel me these past few days, of course.

After that we talked about plushies for a while (shut the hell up I'm allowed to enjoy plushies as a man) and then we had this exchange reflecting on the fight we'd had and agreeing to have a little space for a while:

The Stay-at-Home Ghost 07/03/2021
Yeah, I need to improve my content and sort some things out. I know.
I've been a little unstable because I've had so many personal problems recently.

DumplingShirara 07/03/2021
I get it. How I manage it is that I treat being a chuuba like my job. We have to do it and leave all of our personal hang ups at the door because people watch us to escape the real world
Politics don't matter in our space, nor does our super personal issues

The Stay-at-Home Ghost 07/03/2021
Hnnn... That's true I guess
I haven't taken Twitter very seriously because I never considered it important. After all, it's just the stupid bird app
it's literally the place people go to retweet ugly famous people and hot takes

DumplingShirara 07/03/2021
no matter how fried up I was about what happened with you, I get on stream and I do what I gotta do because it's my passion and my viewers deserve a good time. But yea Twitter is stupid but a much needed business tool

The Stay-at-Home Ghost 07/03/2021
Nnnn
I know, I know

DumplingShirara 07/03/2021
I hate it so much and much prefer 4chan to be honest. People generally only want to see happy and witty things on Twitter

The Stay-at-Home Ghost 07/03/2021
I never stopped watching your streams, I just stopped saying anything because I knew you didn't want to see me.
I still wanted to support you, y'know
even though I was actually pretty mad at you too, I considered that temporary

DumplingShirara 07/03/2021
Thanks Spooki. I just need some space but you are always welcome

The Stay-at-Home Ghost 07/03/2021
even if I'm mad I still like you as a person so...
Okay, understood.

DumplingShirara 07/03/2021
Gime a couple days let's talk here instead!

The Stay-at-Home Ghost 07/03/2021
Okay.

DumplingShirara 07/03/2021

The Stay-at-Home Ghost 07/03/2021
Um... would you forgive me if I said hi once in a while in the intervening time?
I just like to check in with people.

DumplingShirara 07/03/2021
I would not be mad ❤️. I'm glad we talked .

The Stay-at-Home Ghost 07/03/2021
ffffff
Okay. I appreciate you, Shishi.
Oh um, also

DumplingShirara 07/03/2021
Thank you Spooki. I appreciate you too. Sincerely. I know you are always trying to be helpful.

The Stay-at-Home Ghost 07/03/2021
I appreciate that you notice.
I'll try to work on my weak points.
Thank you for speaking with me, really. It helped a lot.

Things to note here is that first, even when we were fighting I was of the opinion we were still friends and would make up eventually. I wanted us to talk out any disagreements and we did, so at this point in time I was happy. Someone asking for space is normal and healthy, but I was also worried about her general stress level so I asked for permission to check in briefly once in a while.

Also to clarify:
'Nnnn' means I'm thinking about something. The 'fffff' was my (admittedly pretty vague) way of signaling a bit of mild discomfort. At the time the very affectionate tone that was taken here actually made me feel pressured. I told myself it was my imagination and that she wasn't trying to flirt with me again. I'm not sure now if this was normal friendly affection or flirting, but she kept a pretty affectionate tone with me during this time period which I was being pretty careful not to reciprocate.

After that we talked about another vtuber for a bit (more like mutually gushing about how cool a specific vtuber is.) Again, I'll be skipping this bit to not involve any other people. It's not really important to the story.

Here's the return of that bit from the very start.

DumplingShirara 07/03/2021

The Stay-at-Home Ghost 07/03/2021

Oh but hey

did you miss the thing I explained before?

although it sucks that I have to take time off for heavy medication and stuff, the fact that I've had a weird cough and shortness of breath since debut should be fixed by all this stuff so

I can stop being so scuff soon and really be myself, with full energy and everything

if I can work out my constant audio problems too I'll probably do at least a short karaoke since I'll be able to have actual lung capacity again

That's such an exciting prospect for me

DumplingShirara 07/03/2021

Yes we are still on

I only ask that we let some time pass so the rratmances calm down

The Stay-at-Home Ghost 07/03/2021

Awh. I wasn't going to ask about that because I thought it was a bit soon after we just made up.

Like, I thought it would be awkward...

but I appreciate it.

DumplingShirara 07/03/2021

I'll help you with your audio if you need it Spooki! Just ask when you are healthy again ❤️

The Stay-at-Home Ghost 07/03/2021

Okay~

I have like 6 days of medication left so it'll probably be at least 3 before I'm back to streaming and probably 9 before I'm fully myself again haha

I have some tutorials and stuff I want to go through to try and work it out myself first, too. I'll ask for your help properly if I can't do it on my own.

After all, the right thing to do is to try and learn it properly myself first, and ask for help if I get stuck!

DumplingShirara 07/03/2021

The Stay-at-Home Ghost 07/03/2021

Oh um, also

for the record

I'll keep our conversations private but

I'm not really bothered about the things I say in private because I'm pretty open for the most part so

if you want to share something I've said in private it's probably fine. If it's maybe borderline feel free to ask, I'll probably say yes

DumplingShirara 07/03/2021

Again anything I say in DMs is free game as well. I don't say anything I don't want everyone to know. But I don't like leaking DM/ on principle

Thanks Spooki

As I'm writing this I still feel bad about sharing this private talk, but she explicitly says she's fine with it here, as a blanket statement and it's the only method I have to defend my character from her trying to cancel me, since she refuses to provide evidence for any of her claims.

Since she said it's free game to share anything, here we are. I would have asked, but she intentionally waited until I was streaming to block me and attack my character on 4chan, including closing her DMs so I couldn't message her with a sub-account to ask why she was doing this. Going public with this information is the only course of action I have to resolve this now that she has tried to cancel me once (on 4chan) and then again (on Twitter, because I said I would post my side of the story.)

Anyway, another small detail that's pretty sad in hindsight now:

DumplingShirara 07/03/2021
Again anything I say in DMs is free game as well. I don't say anything I don't want everyone to know. But I don't like leaking DM/ on principle
Thanks Spooki
The Stay-at-Home Ghost 07/03/2021
My policy has always been that if I feel like something needs to be shared I'll ask first.
DumplingShirara 07/03/2021
For sure thanks for establishing that Spooki
The Stay-at-Home Ghost 07/03/2021
I love ya, Shishi. Even though we've had some friction you're still a great friend and I want to be friends forever.
DumplingShirara 07/03/2021
Let's be friends for as long as we will have each other
The Stay-at-Home Ghost 07/03/2021
Sending hugs~

I didn't realize it at the time, but I offered a statement of loyalty to a friend, but she chose to respond with something that I'm now realizing was a lot less… solid. Feeling pretty foolish about not noticing that back then, but we've all trusted someone we shouldn't have at least once in our lives, right?

Anyway... after that conversation where she said she wanted some space, we didn't talk much for several weeks (note the date header.)
She mentioned some incident of social anxiety on Twitter which I can't specifically remember the details of now. I thought enough time had passed that it was appropriate to reach out and try to offer an ear.

July 22, 2021
The Stay-at-Home Ghost 07/22/2021
Hey, for whatever it's worth I hope you don't feel alone. I think a lot of people care about you.
DumplingShirara 07/22/2021
SPOOKI thank u! i dont feel alone! its just my anxiety! its def getting better tho!
The Stay-at-Home Ghost 07/22/2021
Wellll
I know that anxiety isn't always a logical thing but, if it helps
You can always just ask me what I'm thinking and I'll tell you, and you can always just tell me what you're thinking.
DumplingShirara 07/22/2021
yea its legit my mental illness LOL its def not logical ; n ;
The Stay-at-Home Ghost 07/22/2021
Always open to talk out anything, okay?
Yeah, I know
DumplingShirara 07/22/2021
kk spooki!
The Stay-at-Home Ghost 07/22/2021
I get weird anxiety with phone calls for literally *no reason*
DumplingShirara 07/22/2021
DUDE
The Stay-at-Home Ghost 07/22/2021
so I get it at least a little
DumplingShirara 07/22/2021
I FEEL THIS
phone calls are a horror of thier own

It's probably stupid for me to focus on right now, but the part that hurts me about all this is the silly stuff we had in common, right down to our stupid illogical anxieties. This is also another example of how our typical interactions went.

Anyway we talked a little bit again after that. Talked about her participation in Yokomeshi collabs (which I think are great even now), shared some art we liked, talked about singing a little.

Now onto the so-called "boyfriend yab."
I was very uncomfortable keeping this a secret for months, and I didn't like the fact that she was intentionally signaling to people "I'm single" on Twitter (and to a lesser extent on 4chan.) To me it felt manipulative and in my opinion the proper, professional thing to do would be to not say anything either way when asked in public.

When she slipped up and accidentally revealed it, I privately thought that it was probably for the best because trying to keep a lie like that locked down long-term is stressful and morally wrong.

However, at this time I was thinking she was stressed enough by the whole thing, so I tried to be supportive and keep my opinion to myself at the time, which I of course have a screenshot of:

The Stay-at-Home Ghost 08/12/2021
Hey Shishi~
You've got a vocal coach? Is that a recent thing, or have you been under coaching for a long time?
I've been getting back into singing shape recently but I have a good way to go before I'm happy with my vocals again... I've been too rusty for too long...

August 13, 2021

DumplingShirara 08/13/2021
ive only had 3 sessions so far! ive never had formal coaching before this

The Stay-at-Home Ghost 08/13/2021
Ohh!
I used to do vocal coaching back when I was a part of the program where I got trained
I'm actually surprised you've never been taught before. Your control is excellent.
I didn't notice any quirks or habits that seemed like self teaching either... Did you spend a lot of time in the past studying experts to self-teach or something?

DumplingShirara 08/13/2021
I did not! I just kept singing and listening to my own recordings

The Stay-at-Home Ghost 08/13/2021
Ah, Shishi, are you okay?

August 14, 2021

The Stay-at-Home Ghost 08/14/2021
Hey, I heard about the recent drama shit.
For whatever it's worth, I'm here to support you.

August 15, 2021

DumplingShirara 08/15/2021
ahah its alright! thanks spooki! I just do not perceive. Just a bunch of people trying to bait me
also they keep cooking up rrats about you but dont worry ive got your back its legit just one wierdo

The Stay-at-Home Ghost 08/15/2021
Yeah, but I know how stressful that shit can be.

DumplingShirara 08/15/2021
tbh i was stressed when it happened but it wont amount to anything
if i dont say anything
LOL

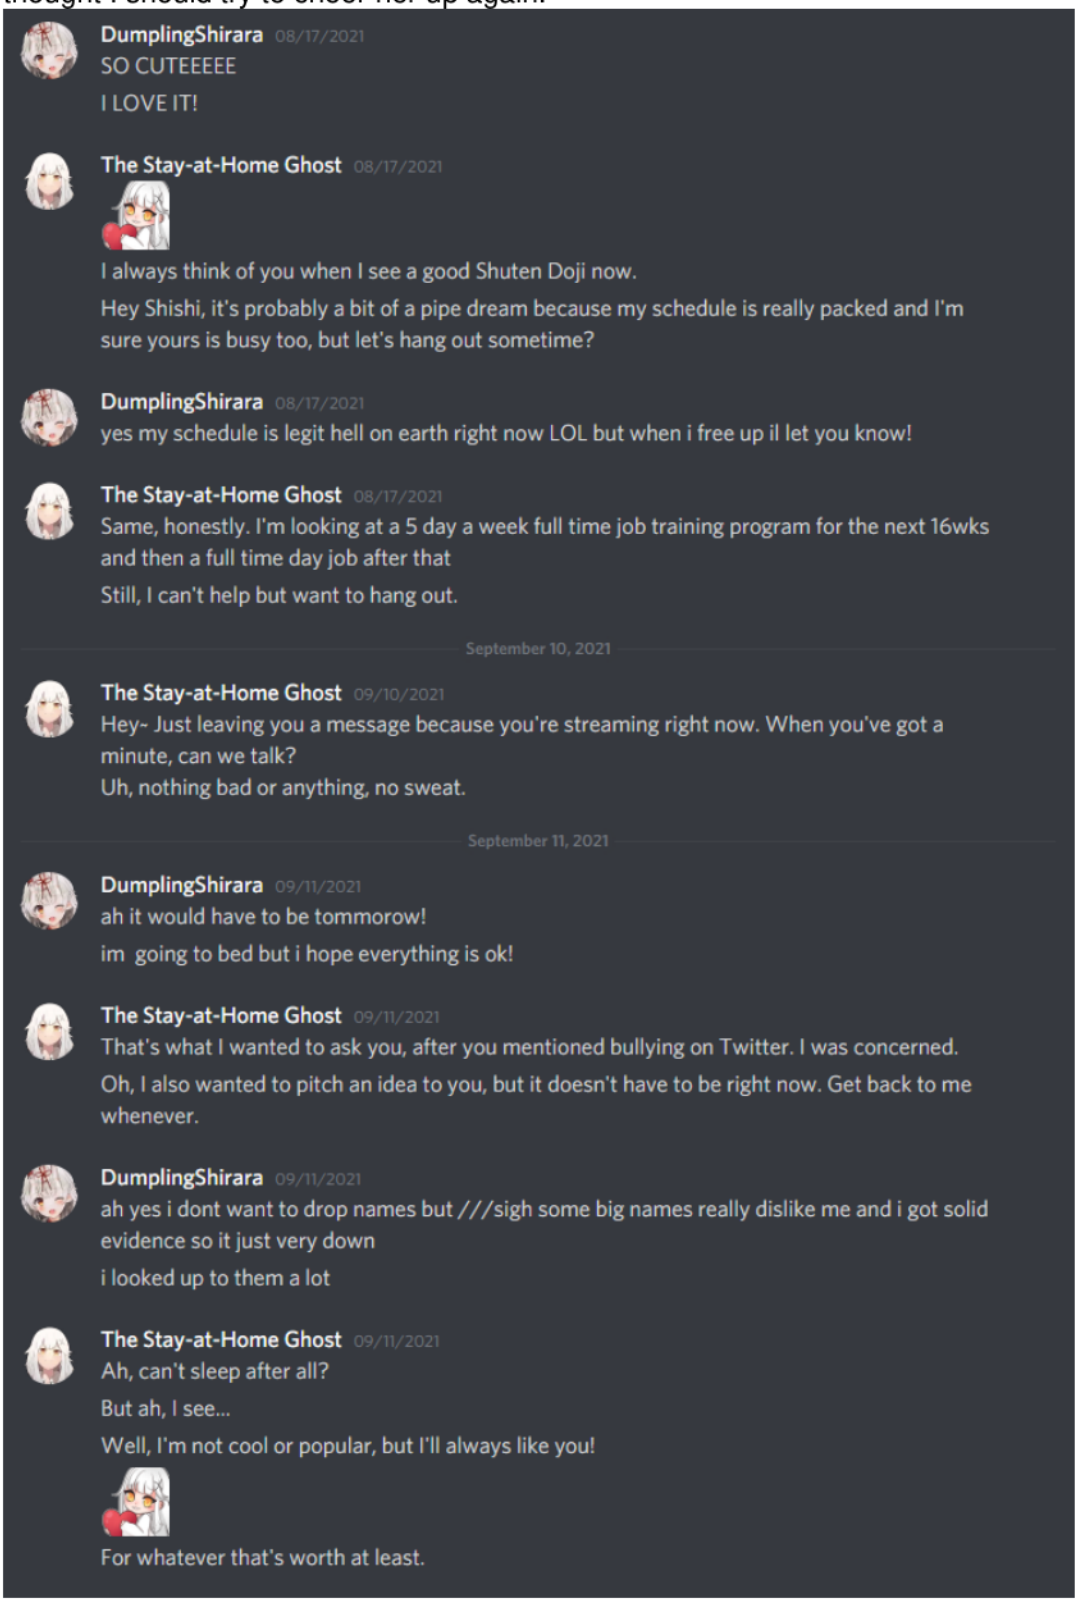
The Stay-at-Home Ghost 08/15/2021
Well, I'll keep my opinions to myself about the larger issues since it isn't my place really.
Anyway, thank you for having my back.

The Stay-at-Home Ghost 08/15/2021
I mean it though!
I'm here to support you.
If you need a hand, I'm here for it.

August 17, 2021

She always insisted she had my back and would tell the truth when people spread rumors about me on 4chan (because she knew that I didn't even want to look at it after the AMA incident, but she still spent large amounts of time there at that time.)

After that, on the 17th I shared a really cute picture with her because I thought she'd appreciate it. We had a brief exchange about getting together at some point, but we were both busy. Later in the same day, she posted again about bad feelings on Twitter, so I thought I should try to cheer her up again.



DumplingShirara 08/17/2021
SO CUTEEEEE
I LOVE IT!
The Stay-at-Home Ghost 08/17/2021
I always think of you when I see a good Shuten Doji now.
Hey Shishi, it's probably a bit of a pipe dream because my schedule is really packed and I'm sure yours is busy too, but let's hang out sometime?
DumplingShirara 08/17/2021
yes my schedule is legit hell on earth right now LOL but when i free up il let you know!
The Stay-at-Home Ghost 08/17/2021
Same, honestly. I'm looking at a 5 day a week full time job training program for the next 16wks and then a full time day job after that
Still, I can't help but want to hang out.
September 10, 2021
The Stay-at-Home Ghost 09/10/2021
Hey~ Just leaving you a message because you're streaming right now. When you've got a minute, can we talk?
Uh, nothing bad or anything, no sweat.
September 11, 2021
DumplingShirara 09/11/2021
ah it would have to be tommorow!
im going to bed but i hope everything is ok!
The Stay-at-Home Ghost 09/11/2021
That's what I wanted to ask you, after you mentioned bullying on Twitter. I was concerned.
Oh, I also wanted to pitch an idea to you, but it doesn't have to be right now. Get back to me whenever.
DumplingShirara 09/11/2021
ah yes i dont want to drop names but ///sigh some big names really dislike me and i got solid evidence so it just very down
i looked up to them a lot
The Stay-at-Home Ghost 09/11/2021
Ah, can't sleep after all?
But ah, I see...
Well, I'm not cool or popular, but I'll always like you!
For whatever that's worth at least.

That was the last time we spoke in private that I have a screenshot for.
At the end of September I tried reaching out to share something I was working on (now my current stream overlay) on Discord and got no response.

The last thing that happened between us was a brief argument via Twitter DMs. She was feeling stressed again and I tried to be supportive. I offered some advice, she snapped at me a little and told me she didn't want to hear from me on the subject. I got offended and the conversation ended there. I wasn't being very tactful, but the response was also an over-reaction… I don't know if this is what prompted this cancellation attempt, but it seemed minor to me. I'm mentioning it mostly for completeness.

My character is far from perfect, but I am not the monster she is claiming I am. She has provided no specific evidence to support her claims and they are not true.

Now to the present.
This started well before she decided to pull me into the mix. It started on 4chan, based on

Is it ok to be tired out from doing my best temporarily? Recently ive been cracking a bit under the pressure to the point where my physical body is falling apart. I lost my ability to draw, sing, and even sometimes stream as my health declines.

I am a idol larper at the core so awhile back, i made a massive slip-up on my stream regarding my personal life in which the internet has been having a ball with. I laughed along for a long time but it has been getting to a point where i cry every single day before i go live.

also for the record. I'm not going to appologize for keeping my private life private. Shirara is a being who exists in this space as an entity apart from my irl identity. I made it ultra clear i value the boundary between entertainer and viewer explicitly many times.
5 2 79

(As an aside note, I still think she should take more time for her health. I've been pretty insistent about that which wasn't very tactful and caused us to fight, but… my intentions were good. Kind of hate that she would get pissed at me for saying she should slow down and rest more only to turn around and conclude what I already said one day later right before trying to cancel me, but hey, at least we got there.)

Now for some quick context: this is generally considered something you don't do as a 4chan-associated vtuber. They call anyone talking about their threads outside of them "breaking containment" and it is grounds for exclusion by other 4chan-linked vtubers and continued harassment, which I believe is the reason Shirara refused to mention 4chan in anything but the most vague terms during this cancellation attempt… but 4chan harasses the hell out of me anyway and their vtubers are all blocking or distancing themselves from me based on this incident so fuck it. It's relevant, we're going to talk about it in detail, and I never wanted anything to do with 4chan anyway.

Here is a direct link to the archived post where they started talking about the tweet and linked it. The general attitude toward her is negative and is mostly anonymous people (many of them very likely other vtubers posting anonymously, by the way) with many posting that they think it's funny to give her anxiety and stress.
Here is the post that starts it: https://desuarchive.org/trash/thread/42206456/#42209113

I'm going to include a large selection of posts that stood out to me as I go through these archives to tell the story, but feel free to browse the archived threads yourself and draw your own conclusion.

I will be frank, I do not believe this is legitimate. ASS is calculating, every social media post is made to increase her reach and get attention on her. Nobody's personal health starts to decline over b....bb.b..b.b.b.b. jokes on a mongolian basket weaving forum that she can just not come to, especially considering none of them are in bad faith as far as I have seen. I think she is just posting this in a cynical attempt at more attention, and I don't blame her because it works. People on twitter are fucking stupid and will believe anything you post

The sad thing for her is nobody is going to forget it, it's out there now and she may as well just come clean about it on stream.

Still trying to hide it after that streamable has done the rounds is just doing her viewers a disservice. Come clean and then you don't have to worry about people joking about it anymore.

You reap what you sow. No one actually cares about the boyfriend. It's a common joke that most female chuubas have boyfriends and it's probably more true than not. The reason why it became a funny joke is because ASS kept doing "I'll be single forever" jokes to bait people and her reaction immediately after letting it slip. This joke will forever be funny.

The ONLY way I will let up is if she PROVES she broke up with her boyfriend and promises to ONLY pay attention to her FANS from now on. I don't think that's too much to ask, honestly.

For context, “bbbb posting” is a mean-spirited joke targeting Shirara. It involves posting a highly distorted picture of her avatar and saying something along the lines of “my b-b-b-b-b-b-b-b-” in reference to the “boyfriend yab” where she accidentally mentioned it on stream.

I think it goes without saying but I’m going to say it anyway: I think this is horrible and everyone doing this should go fuck themselves. No person deserves harassment like this and people should not be defined by their mistakes.
I said earlier in this document that I disagreed with her hiding her relationship and that it made me uncomfortable, but that doesn’t justify any of this. The reason I never said anything in public about her relationship status is because no matter how I felt about it personally, it wasn’t my place to spread that information.
Basically, 4chan is a cesspit full of morally defective human waste. This isn’t just spite either, this is also relevant to her attempts to appease them.

So after that Shirara went there to try and mitigate the backlash. This is where the bit involving me starts.

I havent been back on this thread for a long time but here i am. I was absolutely fine with the bbb...bbb.. jokes on this thread. The issue is, it has spread wide beyond the scope of this thread and ive even has a couple of people come into the stream during my collab with Lumi to ask about my boyfriend.
You guys have no clue when or how I entered a relationship IRL.
I have also explicitly stated that there is no chance in me dating anyone even on stream and have blocked people for acting overly invested. Ive had a chuuba from here ask me out and ive had one of them corner me in revealing my relationship status in order for them to back the fuck off.

ASS I love you and I'm sorry, okay?
Please don't cry.
(I’ve included a few other posts to show the general flavor of creepy emotionally manipulative/abusive talk that surrounds this whole thing. It’s only semi-related, it just creeps me out and I feel like it shows a bit about the place we’re dealing with.)

An important detail to note on her post here is that she refers to two separate people, one of whom asked her out (“a chuuba from here”--and I am not one of those 4chan vtubers, this can not be referring to me.) and another who she felt cornered her into revealing her relationship status, likely meaning me. I’ve never asked her out and this is more evidence that she’s adjusting the narrative on the fly. If there is another vtuber who asked her out, I do not know who it is or what was said in relation to it.
Another interesting detail is that she tries to deflect questions about her personal relationship by claiming that nobody knows when or how she entered a relationship, which is a very weak defense on the matter. I can confirm that it at least goes back to May at the earliest, which means she was actively pretending to be single for at least 5 months… so add another lie to the pile.

The response was about what you'd expect:

Listen woman, it isn't our fault it spread. We just so happen to put your b-b-boyfriend avatar into the football team and over 500 people saw it on the tournament. Then we also had people explain the joke in the /vt/ threads.
It isn't our fault they went ahead and spread it more and ended up coming into your chat about it. Don't blame us for it.

(This image serves as a rough summary of the sort of harassment she's been getting from there.)

The important bit here are the calls to "name and shame" because that's where I get brought in. The people on 4chan are fickle and will target you quickly and then move on just as quickly when they get a new target, and they already don't like me.

I would like the male vtubers that tried to ask out ASS to reveal themselves since ASS clearly isn't going to do it herself.

This happens a lot and by now, these threads are pretty predictable for someone as smart as Shirara. Throwing a vague lure and then silence gets them interested, and suddenly they aren't talking about harassing her anymore.

Now moving on to the next thread… here's the direct archive link you can check yourself:

The only thing I can admit to lying about is the fact that Spooki did not ask me out. He cornered me despite me telling him multiple times that I dont date other chuubas or viewers. He cornered me regarding my relationship status so he can decide if he should give up his crush on me in which I cracked and told him so he would leave me alone.
The bbb thing, as bad as it was for my mental state when it spread, initically was a great source of comfort as i knew he no longer held that power over me.
I lied to the thread to avoid drama and the thread blowing up but under the advice of a chuuba i confided in, I decided to let you all know.
He has appologized for it but continues to act in a way that is overly friendly and arrogant. He tries to give me advice when I don't need it or didnt ask. He always acts like he is smarter and knows better and desu it is super annoying.
Spooki, if you are reading this, stop being a sex pest. I know for a fact you did this to ary as well. Stop telling us you dont come to the threads when you obviously do. When i told you i dont trust you, that is what it means.

There's no actual proof or any evidence, but it doesn't matter. The target has changed because this is a juicy rumor and these people want drama without caring if it's true or not. Also note that she says I asked her out and apologized for it. Neither of these are true. It never happened and I never apologized for something that never happened. This is just an attempt to stir up drama for her own benefit again. It's also another lie… *again*.
The rest is just hot takes, opinions and personal attacks. Everyone's a critic.

Now before she tries to twist this and say she wasn't posting behind my back to get me to be the target of harassment… People don't believe it's her, so she tries to confirm. Note the timestamps.

TLDR; I was coerced into revealing my IRL relationship status to someone who continuously would not back off after I made it clear several times that I was not open to date. I'll continue the thread after I get home with receipts.
1
186

I'd like to note here that she has changed the claim two times already. "Someone pushed my boundaries and someone else (from 4chan) asked me out" became "Spooki pushed my boundaries and asked me out" became "Spooki is a sexual harasser"
No proof of these claims has been forthcoming as far as I can tell. I have not sexually harassed her and I have never had the ability to coerce information about her relationship from her. I don't know any of her personal info, have no position of any authority related to her in any way… how *exactly* did I force her to tell me? What was the threat and why didn't she explain what it was I threatened her with exactly?
It sounds like she is trying to say that I used the knowledge of her relationship status to threaten her to learn the information to threaten her with. This doesn't add up, so if there's some other explanation I would like to hear it.

All I did was insist one time. You can think that's rude if you want, but that's all that happened. If she wants to prove any of these claims she can feel free to provide some evidence at any time. Not only did I not coerce her, but I didn't even have to. She was fairly forthcoming about the whole thing at the time.

As far as I can tell, this is all to cover up using me as a scapegoat to direct 4chan harassment away from her.

Now back to 4chan;
The post she made on 4chan says "I don't have DMs of him actually asking me out but I do have discord DMs of me confronting him so I can prove it happened."

I told you off the bat that I was ok with flirting as long as it wasn't serious. I said that several times actually, but you seemed to ignore the fact that I already set that boundary and you asked me if I had a boyfriend. I felt cornered because I felt that if I kept that private, you would have kept pushing that "crush" on me. I was extremely uncomfortable and every day I fear that you will leak that information
The Stay-at-Home Ghost 07/03/2021
I'm sorry. I didn't mean to make you feel cornered.
I was just trying to figure out where the line was because I was trying to be respectful.
And... if I'm really honest I'm actually a little uncomfortable with the idea that you are in a relationship and keep it outright secret. I can't see a reason why you would if it wasn't an attempt to exploit parasocial feelings from people.
I'm sorry to say it that way and I'm not trying to insult you but I can't see any other reason and that's difficult for me to see positively
I'm not going to share your private information because I still like you as a person even if we're not getting along right now. What I want to do is talk things out and try to find a way to stay friends, if you'll give me a chance here.
DumplingShirara 07/03/2021
You also just come off as rude sometimes. Like with McDonald's post. I said I was craving something and you said "idk how anyone can actually eat that stuff". This is not how to respond to this situation! Do you sit at a dinner table and tell someone their food is nasty? I also eat stuff like chicken feet, beef and pork tongue, chicken and duck hearts, intestine, and have heard that my food is gross for years. It's just not polite
The Stay-at-Home Ghost 07/03/2021
That... okay that one is on me
I apologize for that entirely.
You're right, and I wasn't thinking that through.
I didn't mean to be insulting.
I just didn't think about it and was being inconsiderate. I'm sorry.
DumplingShirara 07/03/2021
You also honestly have to think a bit before you post Spooki! There are lots of poisonous opinions and thoughts in my head but I have to play out how other people will take it
Because once it's out there you cannot take it back!

She claims in this post that this was her responding to me asking her out. That's not what happened and this is a blatant lie. Nowhere in this conversation does she say I asked her out, only that she was unhappy that I asked if she was single because she was *flirting with people while in a relationship*. I showed the context earlier, but here it is again:

DumplingShirara 07/03/2021

Cleared it up. Spooki. To be very honest, Idk how to respectfully solve this issue other than telling you honestly about how uncomfortable and irritating some of our conversations have been. You just seem to lack social contexts and come off as pushy and somewhat rude if I'm being real honest. You cannot accept that people sometimes just will not get along with you and then stir up trouble because of it. I'll give you some examples of times when I've felt this way.

In a recent conversation about your VTuber co-op, you came in here unprompted to tell me that me joining a company might not be a good take. I've already made up my mind and I told you how I'm involved with something pretty much the same. While you reassured me that you were not trying to recruit me, you also said that you hope that maybe one day it would be inticing to me.

The Stay-at-Home Ghost 07/03/2021

That wasn't intended to be some kind of social pressure.

I wasn't being very serious when I said that, and I was just trying to make a reference to the fact that I wanted it to be valuable.

Also it's not really a company you... join, since the whole idea is that the company is just a service provider that takes no rights of any kind?

Listen, I'm not trying to say I'm not socially awkward sometimes but I'm really not trying to be a jerk

DumplingShirara 07/03/2021

Another thing that bothered me way more than this is when you tell me that if I do not tell you what's on my mind and let you help, you will get mad. I understand you want to get closer Spooki, but as I've very honestly said before, this cannot be pushed. And this can be a little strained by certain social factors such as the possibility of motives involved which brings me to another thing.

The Stay-at-Home Ghost 07/03/2021

I'm not trying to be mad and I'm not trying to be pushy exactly either, I'm just genuinely confused and trying to understand.

I feel like we were getting along pretty well and then suddenly we weren't.

This felt like a sudden shift to me

DumplingShirara 07/03/2021

I told you off the bat that I was ok with flirting as long as it wasn't serious. I said that several times actually, but you seemed to ignore the fact that I already set that boundary and you asked me if I had a boyfriend. I felt cornered because I felt that if I kept that private, you would have kept pushing that "crush" on me. I was extremely uncomfortable and every day I fear that you will leak that information

The Stay-at-Home Ghost 07/03/2021

I'm sorry. I didn't mean to make you feel cornered.

I was just trying to figure out where the line was because I was trying to be respectful.

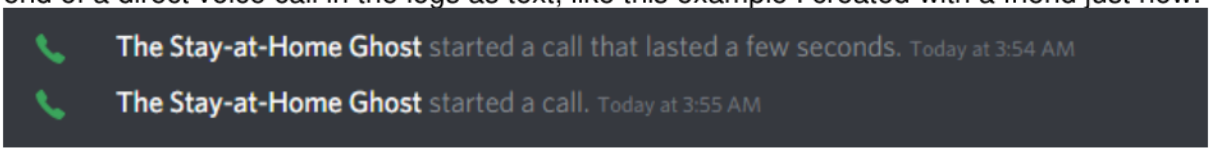
And... if I'm really honest I'm actually a little uncomfortable with the idea that you are in a relationship and keep it outright secret. I can't see a reason why you would if it wasn't an attempt to exploit parasocial feelings from people.

I'm sorry to say it that way and I'm not trying to insult you but I can't see any other reason and that's difficult for me to see positively

I'm not going to share your private information because I still like you as a person even if we're not getting along right now. What I want to do is talk things out and try to find a way to stay friends, if you'll give me a chance here.

The context here is that she cleared up the false rumor that I had asked her out. In this context it is obvious that she wasn't covering for me and that between us we knew it wasn't true. This casts serious doubt on her previous claim that I asked her out, which I believe is why she avoided sharing it.
She still has not shown any evidence of me asking her out anywhere because it doesn't exist. I repeat again that I never did. I'm not interested in someone who is taken.

A bit later, Shirara claims that it came up in a voice call. This is weird to me because to my knowledge we never had a voice call on Discord even once. Discord shows the start and end of a direct voice call in the logs as text, like this example I created with a friend just now:



The Stay-at-Home Ghost started a call that lasted a few seconds. Today at 3:54 AM
The Stay-at-Home Ghost started a call. Today at 3:55 AM

If she would like to post a screenshot of the start and end of any voice call in the Discord logs between us with context from our conversations, I would be happy to check it on my end to make sure I'm not just forgetting... but I've been through the logs end to end tonight and I don't see it happening even once nor do I remember ever having a voice call with her in any situation, individual or group. I am trying very hard to be charitable but I believe this to be an intentional lie to cover her lack of evidence for her accusation.

If it's true, show the call starting. Show it in the logs, in the context of the conversation before and after it. Even if you can't prove what was said, you can at least prove that the call happened, right?
This never happened and it's just an excuse.

Also this is more of a general point, but she's already deleting things (presumably to cover up any plot holes.)

Just covering my ass here but a statement will come out today by my sexual harasser. I didn't want to make it public but I think I will have to. This will be a thread.

TLDR; I was coerced into revealing my IRL relationship status to someone who continuously would not back off after I made it clear several times that I was not open to date. I'll continue the thread after I get home with receipts.

I covered for him as he held info, that at the time, no one knew. I messed up on stream one time and did reveal that I indeed had a boyfriend and that has prompted me to no longer care. So I outed him in a 4chan community that we both frequent in which there were other victims.

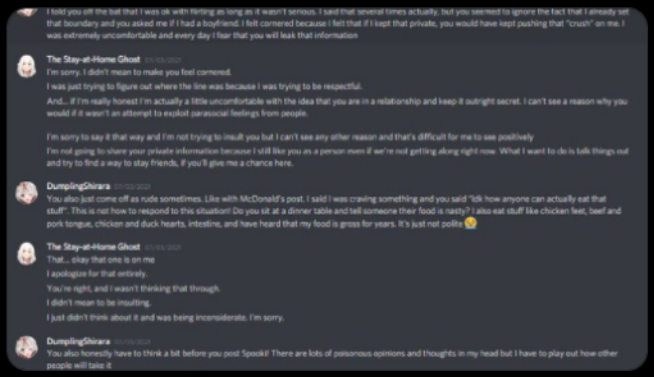
I'm not gonna out this community since we are pretty tight knit and things are complicated but I had hoped this would all stay there. I'm so sorry if I'm shitting up your timelines right now everyone. I'm outside but I'll post up some receipts from July of me confronting him.



I told you off the bat that I was ok with flirting as long as it wasn't serious. You also just come off as rude sometimes. Like with McDonald's post. I said I was craving something and you said "idk how anyone can actually eat that stuff". This is not how to respond to this situation! Do you sit at a dinner table and tell someone their food is nasty? I also eat stuff like chicken feet, beef and pork tongue, chicken and duck hearts, intestine, and have heard that my food is gross for years. It's just not polite
The Stay-at-Home Ghost
That... okay that one is on me
I apologize for that entirely.

I don't know what these deleted tweets contained for sure, but I'm going to guess that they probably weren't the white-hot evidence that actually proves all the things she's claiming to try and cancel me.
I vaguely remember before I left for dinner out that she said somewhere she would release the full unedited chat logs between us, but I can't find it now so it might be one of those deleted tweets. I suspect that she realized they don't exactly make me out to be the bad guy she needs me to be for that to work so she decided to back off it.

Still, the result worked out for her in the end though

It really sucks that you had to go through that but I also feel bad for spooki because he is just so fucking poisoned by alt-right/chud/incel/nice-guy bullshit and he doesn't realise that how he is acting is offputting and making himself out to be an idiot. He's sitting here thinking he is being nice and doing the right thing but he is coming across as a creep.
Spooki please take this as a lesson, you can improve.

4chan is on her side now, even without any actual evidence. It was never about what was true, just about who is most fun to harass that minute.

Now for the opinion part.
I'm obviously mad about this. Being lied about hurts, feeling betrayed by someone I thought was a friend *really* hurts. All the people believing the claim without a shred of proof or asking for my side of the story, the people jumping on the dogpile or just quietly abandoning me because it's easier for them hurts the most. People I thought were my friends, who called themselves my friend dropped me *instantly* the moment there was even a hint of controversy

without even considering that it might not be true and not caring that there was not only no proof, but also no clear evidence aside from “trust me dude” and “4chan says he’s bad”

I’m choosing to look on the bright side, though. Fair-weather friends are low-quality people and I don’t want them. It’s good to know who sticks with you when things are tough, and who is willing to stick up for you when the cancel culture mob comes for you.

That said, there’s a limit to how upset I am and I’m not trying to drag this into personal attacks either. Instead, I want to lay out my theory about why this happened and how it developed. I’ll support it with some of the evidence I shared above when it’s relevant.

Shirara is smart and very calculated. Plus, she knows me well enough to know that she could have easily baited something way more spicy and damning out of me by just pretending she agreed with me on some polarizing controversial issue before breaking my trust. If she was just aiming to hurt me, she could have done way better than “trust me bro I left the evidence in my other jacket” so I was never the target, only the means to an end.

As far as I can tell, the changing story (“One vtuber from 4chan asked me out and another pushed my boundaries” turning into “Spooki did both of those things” turning into “Spooki is a sexual harasser”) shows that she didn’t plan this in advance and she was reacting to the situation as it was happening. It seems to me that she felt like she was under attack from 4chan and she panicked and took the first course of action she thought would get them to stop.

Now, multiple people told me not to comment and to just let it stay in the dark on 4chan. People advised me that it would blow over and that the only winning move was not to try and defend myself… but when has curling up and taking abuse ever stopped someone bigger than you from punching down? I think the truth is valuable so I’ll give you everything I’ve got. Cringy context, the parts where I’m being a jerk, everything.
I’m not asking you to like me, I’m just asking you to demand some hard evidence to back up the things she’s claiming. She isn’t lying to me--I already know this isn’t true because I was there. *She’s lying to all of you*. Just like when she lied and said she was single to try and bait people into unhealthy parasocial relationships. Just like when she lied on 4chan to try and convince people the previous lie was technically true because she *only just got a boyfriend* which our chat logs show is untrue.
Don’t fall for this.

Also, isn’t it strange that when I said I would give my side of the story and provide proof of things, she decided to try and wield her clout against me because she’s a bigger vtuber than I am? This is the point where she upped the ante and called me a sexual harasser on Twitter--before this she only claimed I asked her out and vaguely insinuated something untoward on 4chan where nobody normal would care.
There was zero claim of sexual harassment before that point. This was her changing the story to raise the claim up to the level of an *actual crime* to try and destroy me before I could put my evidence out. She wanted the discourse *fully poisoned* so that nobody would look objectively at the evidence and come to their own conclusions. She *needed* me to be the bad guy *before* I had my turn to speak, because her claims not only lack evidence but also don’t mesh with the parts of the chat logs I showed before. This is also why (as far as I can tell) she backed off her promise to release the full unedited logs.
They don’t show what she needs them to show.

Here are the facts:
I chose to stop flirting with her when I found out she had a boyfriend because it’s against my morals. I think it feels like cheating. She might not agree with that and maybe you don’t

either, but that is my opinion and that's what I did.
She claims I asked her out but that she can't prove it. On 4chan she says she doesn't have the DMs (implying it was text) and on Twitter she says it happened in a voice call.
If it was text, where did the DMs go? How do you not have them?
If it was a voice call, why did you not try to show where the voice call started and ended in the Discord logs or try to elaborate on the context or wording at all?
The reason is because it isn't true. These things never happened at all, and she is just trying to get people on 4chan to stop harassing her by getting them to feel sorry for her and harass me instead. I don't think it will work, and she will be right back to getting harassed by 4chan in a week or two tops.

A short-lived crush when you meet someone is not evidence of wrongdoing and while you might find my flirting cringey (kinda is tbh wouldn't blame ya) it's *never* been malicious. Shirara left out the mutual flirting part and refused to go back enough to address it because it provides clear context that showed the flirting was mutual and how I felt about her already having a boyfriend (not great) and why I would never ask her to date me--the same reason I wouldn't flirt with her after I found out. It would be morally wrong to do so.

I might be the kind of guy who doesn't always think things through and it's true that I can be bull-headed sometimes (especially when I'm worried about someone's health or wellbeing), but I also try to improve (no matter what 4chan says about me.) Friends have checked my behavior before and I've always apologized when I felt that I did something wrong.
This is not one of those times. This entire attempt to cancel me is based on lies and I have shown here more than one lie she has told to the public before.
There is no evidence for any of the things she is accusing me of, and she is relying on her larger audience size and clout to try and force it through without being questioned.

And as a last question--if she's telling the truth, why is she hedging her bets and preparing for retreat?

Hey. The messages asking me to internalize the events i have revealed today are logically and professionally sound I know. But understand that if that was possible for me in this state, I wouldn't of had to do what I did. Thank you.

If the things she is claiming are true, she can always just prove them. If she's worried about me trying to harass her based on this… how? She's blocked me everywhere and closed her DMs. If I could send her a message I wouldn't have had to announce that I was giving my side of the story, which I really only did in advance because I was hoping she would send me a message and we could talk things out.

Let's make something clear here: Her audience is well over *ten times* the size of mine. She has nothing to fear from me and she knows it. If anything, I should be concerned that some of her viewers might attempt to harass me or mine since they are already expressing total solidarity without seeing both sides of the issue and trying to offer her more ammo for the cancel openly on Twitter.

So where is the fallout going to come from?
The reason is because this is a larger vtuber using her clout to try and cancel a smaller vtuber without providing any evidence to back up her accusations.
What fallout could be so bad that she is having to prepare to drop her entire persona? What is she so worried will happen?

If you ask me, she's afraid the truth will come out. She's been caught lying broadly and intentionally before multiple times to manipulate people for her own benefit and she even pressured me into keeping her lies a secret for months. I can demonstrate that she was trapping me in an abusive cycle of rejection, pity-baiting, anger and (presumably fake) affection to string me along as well.

If you read this whole document all the way to the end, congratulations on actually caring enough to research things before believing them instead of just siding with the larger streamer.
For a final time: It's not true. I never asked her out, I didn't want to date her even before she tried to destroy me, and I never said otherwise, anywhere.

There is no version of this where she can prove her claims clearly and honestly, and she is using fragile health as an excuse to duck criticism for the repeated easily-proveable lies, the stirring drama for attention, the pity-baiting and exploiting every bad day for clout.

If anyone doesn't understand, doesn't believe or wants more information on any part of this document, my Twitter DMs are open. I got pretty tired at the end here so I might have made a mistake somewhere so feel free to ask me questions about any part that doesn't make sense.
The nice thing about being on the side of the truth is that I don't have to be afraid of questions poking holes in my story.

Now for the last part, because I know you're going to read this Shirara and you've entirely shut down any chance for me to talk this out with you in private up until now.

Send me a message. Let's talk this out like adults.
I had a whole thing here, a long and in-depth criticism of a bunch of parts of this, but it's more the sort of thing I would rather discuss productively. My DMs are still open if you want to talk.
